

*Is there a wiping system
that works
with our current chemicals?*

tergo
wipes

*A completely flexible,
user customized
wiping system*

Simple, Adaptable, Affordable, Refillable

Step 1

Insert the TERGOwipes roll into the TERGO container

The TERGOwipes system consists of reusable cans, lids and replaceable TERGOwipes rolls.

The TERGOwipes cans are refillable, reducing the impact on your budget and the environment. You can purchase the economical replacement rolls as needed. TERGOwipes have 200 strong fiber towel sheets per roll. When compared to other brands' 75 sheet disposable versions, the cost savings of the 200 sheet TERGOwipes quickly add up. Cost savings average 70% over conventional pre-moistened wipes.

Step 2

Pour your choice of Ready-To-Use chemical into the TERGO container*

Unlike ordinary pre-moistened wipes, TERGOwipes arrive dry. You add the pre-approved chemical of your choice to complete the system.

There is no need to purchase new chemicals. No additional chemicals to store, no new MSDS sheets, no hassles.

For example: Setup one can with your existing disinfectant, and you have disinfecting TERGOwipes. Setup others where you need glass cleaner, stainless steel cleaner, furniture polish, hand sanitizer, etc. TERGOwipes provide unlimited possibilities for customizing to meet your unique needs.

* Amount of liquid can vary, test for desired wetness

Step 3

Snap on lid, label*, and begin use

The can is portable, convenient and ready for use anywhere. Affix a secondary label* (identifying the chemical used) to the can.

You now have a custom wipe that dispenses a consistent amount of solution in each durable, versatile sheet. No need to first spray, and then wipe. No airborne mist to breathe, no overspray to worry about, no lint left behind. Just simple, fast wiping with the right amount of chemical every time.

* Secondary labels are provided by your chemical manufacturer

TERGOwipes can be ordered as individual components or complete systems:

G45CW	TERGOwipes Can White
G45LB	TERGOwipes Center-pull Lid Black
G45LW	TERGOwipes Center-pull Lid White
